

A special thank you to Ride for Wishes

For adopting the wish of Alex, age 5

“I wish to have a puppy!”

Alex, from Cottage Grove, is battling Sanfilippo's Syndrome, a metabolic disorder. Alex is a sweet and loving little boy who enjoys reading books, playing with trucks and spending time in his playhouse. Alex's favorite story is the Little Engine That Could and he also loves to watch Blue's Clues and Sesame Street. Alex's favorite foods are cake, pizza, Skittles and Famous Daves! Alex's one true wish was for a puppy that could help him with communication. Welcome Henry! Alex received this adorable little Goldendoodle puppy along with a PetCo shopping spree! He also received obedience training for Henry and vet care for a year. Alex loves his new friend!
