Jordan, age 16
St. Paul • chromosome deletion

★ Jordan is a 16-year-old girl from St. Paul who has chromosome deletion. She is a huge music fan. She loves musicals, especially “High School Musical” and anything with Julie Andrews. Her favorite foods are pizza, hot dogs and french fries. Aside from musicals, she also enjoys books and going on walks.

Jordan’s most heartfelt wish is to go to *Walt Disney World*® Resort. She is excited about the thrill rides, because they are safe for her in her wheelchair. Jordan can’t wait to meet Mickey, Minnie, Daffy Duck and Goofy on her Disney vacation!
